

EXTERNAL  
FURNITURE  
SOLUTIONS

## LANGLEY DESIGN ARE INNOVATIVE PROBLEM SOLVERS

We are concerned with delivering practical results that enable the excellent education facilities being built to have cost effective, fit for purpose external furniture.

We offer a comprehensive service ranging from the initial discussions regarding design style and material selection to match the budget. We manufacture to order and project manage the supply process to match the programme.

We pride ourselves in our flexible manufacturing approach and because we make it all in Wiltshire we can respond rapidly to specific requirements and any design changes to meet RDD needs.

We have many years experience in the external furniture market and have an excellent understanding of the schools sector. We are able to give sound advice both on and off-site.

## **LANGLEY DESIGN IS A LEADING PROVIDER OF EXTERNAL FURNITURE TO THE EDUCATION SECTOR**

Since the inception of BSF 'Building Schools for the Future' we have been providing quality external furniture solutions to projects throughout the country.

We have proven experience in the BSF/Education sector and appreciate the need to install high quality, durable products that require minimal maintenance for the term of the scheme. We understand that our furniture needs to be safe, functional, visually attractive and most importantly, excellent value for money.

We adopt a flexible pragmatic' approach to our work that has enabled us to secure numerous prestige projects.

We strive to reduce our carbon footprint and mitigate the environmental impact of our work. We therefore manufacture all of our products here in Wiltshire. They are made to order and we source all our materials from within a 15-mile radius of our premises.
